

CAMBRIDGE

DUAL-SLIDING SHOWER DOOR SYSTEM WITH MINIMAL HARDWARE

The Cambridge from **C.R. Laurence** is a major addition to the dual-sliding segment of the modern sliding shower door market. Similar single-sliding systems have been out for over a decade, but these sleek, minimal **dual-sliding systems** are absolutely where the market is heading.

CAMBRIDGE

HARDWARE OPTIONS

With no channel or brackets on the walls and only **low-profile metal thresholds** at the base, the Cambridge is designed to showcase custom tile work and other decorative details. Comes standard with a **towel bar** on each panel. Standard finishes are **polished chrome, brushed nickel,** and **matte black.**
