Centec Series

Top quality frameless slider and semi-frameless hinged enclosures with unlimited options make it the perfect fit. Centec enclosures feature a unique round header design constructed of heavy gauge high polished aluminum for a contemporary look.

The optional Diamon-Fusion treatment helps protect the glass from the build up of soap scum and hard water deposits and reduces cleaning time by 50%. When added during manufacturing, a vapor mist fills the natural microscopic peaks and valleys in the glass with an ultra thin optically clear durable material making it easier to clean. Simply wipe down with a washcloth or squeegee after showering.

Customers ask for ShowerGuard glass by name because it's the first and best permanent protective shower glass on the market. Wipe-on, spray-on alternatives may need to be periodically re-applied after use. Only ShowerGuard glass is guaranteed for a lifetime. Offered on 3/8" glass only.
