SINGLE-SLIDING MODERN SHOWER DOORS

The barn door look is one of the biggest bathroom design trends of the last 5 years, and the Element I is an attractive, affordable single-sliding option for customers wanting a modern barn door look for their shower doors. Its sleek, almost mechanical, header and roller design are distinctive, as is its 8" ladder pull handle.

MODERN BARN DOOR SYSTEM

The Element I puts the barn door look in reach for customers at every price point! Until now, the most popular systems have been prohibitively expensive. But the Element I is a game changer.

We built the Element I from the ground up to incorporate the most popular features in the barn door segment, including minimalist rollers and guides so that the hardware doesn't dominate the overall look, allowing the glass and tile work to take center stage.
