PASSAGE II

301-895-0102 | aqueousglass.com | sales@aqueousglass.com | 400 Essex Rd. London N1 3GH, UK

DOUBLE-SLIDING BARN DOOR STYLE

The Passage II has a similar look to the Cambridge system from C.R. Laurence. But unlike the Cambridge, the Passage II represents an affordable way to integrate the double-sliding barn door look that's become so popular in recent years. The square header is one of the most compact designs on the market, making it less of a focal point than you'd find with comparable systems. Dual disc knobs accomplish the same thing: less protruding metal to better highlight the glass and any custom tile work.

STEP INTO THE FUTURE

The Passage II is exactly where the market's headed: affordable barn door style sliding shower doors that sacrifice neither form nor function.

Anti-Lift Devices

Door Rollers

HARDWARE FINISHES

- POLISHED STAINLESS
- BRUSHED STAINLESS

Single-sliding barn door systems have been around for over a decade. However, not every bathroom layout lends itself to a single sliding door paired with a stationary panel. Enter the Passage II, an exciting new offering from Aqueous that makes the double-sliding barn door look a viable option
